The order of 24th March
which was passed
in communication with
Anderson, clearly
states (I repeat) that
Linn is expected to
take as temporary planⁿ
until he is treated as
at Linn and that the
rest of the business of the
movement should be
conducted under a
special head.

There is nothing
in the Sumner printed
by the Dyfem, mande
into the instructions
conveyed in para 7 of
the same 1874, show
that the land was
traded for main. It
is improperly stated in the
Sumner that the part
of the case was temporary
and was subject to
the stipulations made
in the deed.

The proposal in
para 5 of this letter
seems irrefragable -
Perhaps it is so he will
be content to leave the
matter for further
consideration.

Sir,

*
No 194 of 25th
March 1878.

I have the honor to forward
a letter from the Superintendent
Mysore Revenue Survey on the subject
of lands granted to village officers
under Chief Commissioner's order.

No $\frac{6990}{64}$ of the 24th March 1874.

2 Under the conditions of
that order the land in question
cannot, it appears to me, be treated
as service Enam land; which, in
settling the village officers' emolument
would

would involve fixing a joodie upon
 it for the remuneration of the
 office equal, if necessary, to the full

 of half any surplus amount; the
 other half remaining as sinecure

 have never been distinctly removed.

14⁶ 4 The above appears to be the
only just and convenient course
of dealing with these lands and
this view is strengthened by the
facts alluded to in the Superintendent's

a good deal of irregularity has
existed in the allotment of these
lands for service or rather of the

for that purpose. Remuneration
has been so allotted to Patels

ceptional and hardly imaginable
cases have been called for and
moreover Patels were appointed and

case the Patelship will ordinarily
be absorbed in the Patel of the
'Moujek' or "asali" village and in
the latter case the lands of the
deserted village will usually be
absorbed in a contiguous inhabited
village, in both cases the Office
newly created will cease to exist.

By treating these recently
created emoluments derived from
remission of revenue purely as
temporary cash allowances all
difficulty will disappear and in
no case can the State suffer loss,
as all surplus cash allowances

Sir,

I have the honor to inform you
that in accordance with instructions
contained in Chief Commr's
Order No. 6990 dated 24th March
1874, temporary Inam lands were
granted by the Deputy Commr.

village of this (the Tarikeri)
Taluk and also I believe to all
Patels throughout the District.
2 These lands still continued
to have their assessment shown
in the Taluk accounts but the

assessment is not collected but shown as remission. 9

3 In addition to such temporary Inam being granted to Patels of villages, in many cases it was given also to Patels of hamlets or "Dakhala villages"; moreover new Patels were appointed to "Bechrakh" villages and temporary Inams granted to them also. Some of these "Bechrakh" villages I propose to absorb in adjoining villages which will form the subject of a separate communication.

4 This temporary Inam land is generally situated not in one place but scattered in from 5 to 10 little bits all over the village lands, and the work of measuring all these holdings into

into separate Survey Numbers is
very considerable; these temporary
Inams were granted after measuring
operations were completed in
this Taluk.

instructions being given as to whether

these lands are to be continued
as "Nawari Inam" and at the

time of the preparation of the

Order thereon - According to para
2 of the foregoing letter, the
Chief Commr. observes that
it does not appear from
the Sanad granted by the
late Dy Commr. of Kolar,
in accordance with the
instructions conveyed in
para 7 of this office Pro: No. 692
dated 24th March/74, that
the land was treated as
Mam. Although the use
of the word "Uttar" was
open to misconception yet
the terms of the grant,
~~which was specially stated~~
do not support and

entirely to the settlement
to be made by the Survey
Dept., were such as
sufficiently to exclude the
idea that the land was
to be held as Jodi Inam.

2. With regard to the
irregularities noticed by
Col. Anderson in paras
4 and 6, as to the method
adopted in the allotment
of service lands, the Chief
Commr. remarks that the
want of discrimination
shown in the cases referred
to is evidence of the little
care that has been taken
by the ^{late} Deputy Commr. to
superintend and check the
proceedings of the officers
who have held the

local enquiry. The Survey
Commissioners should be
cautioned on this point,
and the lands to be
assigned to any individual
Patil should be in one
block as far as may be
practicable.

3. The proposal made
by the Survey Commr. in
para 3 seems unobjectionable,
being in accordance with
the mode of treatment
contemplated in the order
of 24th March/74, but,
before authorizing its
adoption, the ^{Chief} Commr. desires to be
favored with the Commr's
opinion.

No 259 of 1848

To,

The Survey & Settlement Commr.
of Mysore
Survey Superintendent's Office
Kadur 15th April 1848

Sir,

In reply to your Memo No 350
of 4th Instant on the subject of the
Temporary Inams granted to Patels
in the Tarikeri and other Taluks,

I beg to inform you —
1 That the lands are entered
in the village accounts as "Govt.
land"; in the preparation of the
Masul bakis, a remark of "Hanga-
mi Inam" has been entered
opposite these lands for the
purpose of distinguishing them
from other lands in the occu-
pation of the Patels.

3 As far as I can ascertain
in no instances were ryots in-
duced to resign these lands
in favour of the Patels. The
waste-

waste lands given to the Pabels
were pieces of - "Thilsila
Banjar" and where sufficient
pieces of this were not obtainable
to make up the requisite amount
to be given, the remainder was
given out of the "Anadi Banjar"
lands. These pieces of land were
supposed to be selected by each
Pabel but as to how far this
selection was carried out it is
difficult to say.

4 Although only four years
have elapsed since the grant of
these lands, already some of
them have been misappropriated,
for instance yesterday a case
came up at settlement. The
land in the first instance
was nominated to the Hackdar
Gowda

29
Gowda A. But he not being able
to write a Gumasta B was appointed
-ed and the land transferred
to his name in the village
accounts; after a year and a
half he was found inefficient
and turned out and another
Gumasta C appointed who
has done the work ever since,
nevertheless B still retains
the "Hangami Umbli" land -
although C had several times
attempted to get possession
of it. At Settlement A. B. & C
all claimed the land, which
I awarded to A, as the Gumasta
whenever he might be was -
merely his representative.

*Proceedings of the Chief Commissioner of Mysore, Department of Revenue,
Agriculture and Commerce, 4th September 1878.*

READ again—

Chief Commissioner's Proceedings No. 664—R. 9, dated 26th April 1878.

From the Survey Commissioner, Mysore, To the Secretary to the Chief Commissioner of Mysore, General Department, No. 574, dated Camp Yellapur, Canara District, 24th May 1878.

In continuation of my letter No. 352 of the 4th ultimo, on which Chief Commissioner's No. 664—9 of the 26th ultimo has been passed, I have the honor to forward a *letter from the Superintendent of Survey farther referring to the subject of the waste lands granted for remuneration of service to village officers by Chief Commissioner's No. 6990—64 of the 24th March 1874.

2. From para 4 of that letter it appears that even within the lapse of so short a time as four years from the date of these grants, misappropriation of them and diversion of them from the remuneration of the office which they were intended to pay have commenced, a result which must follow sooner or later on all cases of payment for service in actual land.

From the Officiating Superintendent, Mysore Revenue Survey, To the Survey and Settlement Commissioner of Mysore, No. 259, dated Kadur, 15th April 1878.

In reply to your memo No. 350 of 4th instant on the subject of the temporary inams granted to Patels in the Tarikere and other taluks, I beg to inform you—

2. That the lands are entered in the village accounts as "Government land"; in the preparation of the Vasul Bakis, a remark of "Hangami Inam" has been entered opposite these lands for the purpose of distinguishing them from other lands in the occupation of the Patels.

3. As far as I can ascertain in no instances were ryots induced to resign these lands in favor of the Patels. The waste lands given to the Patels were pieces of "Silsila Banjar" and where sufficient pieces of this were not obtainable to make up the requisite amount to be given, the remainder was given out of the "Anadi Banjar" lands. These pieces of land were supposed to be selected by each Patel, but as to how far this selection was carried out it is difficult to say.

4. Although only four years have elapsed since the grant of these lands, already some of them have been misappropriated; for instance, yesterday a case came up at settlement. The land in the first instance was nominated to the Hakdar Gauda A, but he not being able to write a Gumasta B was appointed and the land transferred to his name in the village accounts; after a year and a half he was found inefficient and turned out, and another Gumasta C appointed, who has done the work ever since; nevertheless B still retained the "Hangami Umbli" land although C had several times attempted to get possession of it. At settlement A, B and C all claimed the land, which I awarded to A, as the Gumasta, whoever he might be, was merely his representative.

ORDER THEREON.—The Survey and Settlement Commissioner in his letter No. 352, dated 4th April 1878, printed in Chief Commissioner's Proceedings No. 664—Rev. 9, dated 26th idem, solicited instructions as to the treatment by the Revenue Survey Department of certain lands which had been assigned recently by the late Deputy Commissioner, Kadur, to Patels in the Tarikere Taluk, and the assessment on which had been ex-

pressly remitted in remuneration for their services, and proposed that the recognition of the lands so allotted as service lands, should be strictly avoided, the remission of assessment allowed being treated as a cash allowance attaching to the officiator. Under which arrangement the lands would revert to the condition of Government lands chargeable with the full kandayam.

2. The Chief Commissioner having consulted the Commissioners of Divisions now directs that the course proposed by the Honorable Colonel Anderson be carried out in all Taluks in which the remuneration to Patels and Shanbhogs has been temporarily fixed according to the mode adopted in the Tarikere Taluk.
